

# Nottingham Academy's Lockdown Bottle Moments!

Hello everyone,

During our Lockdown I was asked what moment I would look forward to the most to bottle up, my reply was to see all of you children back at school and doing Art as we did.

I was then sent this from the cartoonist 'Rob Murray' he has been asking a whole host of people what moments they are looking forward to and then drawing it for them and I was lucky enough to receive the above drawing!

*"Rob Murray is a cartoonist and is part of the 'PCO' which stands for 'Professional Cartoonists Organisation'. He draws for The Sunday Times Newspaper and other magazines and has also illustrated some bestselling books. As you can see, he is very good!"*

I thought it would be a great idea for our Whole School Art this week to have a go at sketching/drawing your bottle moment - what you are most looking forward to when the Lockdown is finally lifted from everything! It can be anything at all, something that you and your family do together or something that you do on your own.

## **Some ideas you may be looking forward to:**

- Dance/Ballet school
- Cubs/Scouts/Brownies/Girl Guides
- Going to your mosque
- Gymnastic club
- Going to church
- Swimming club/lessons
- Going to the hairdressers/barbers (mums and dads) 😊

My other bottle moment is to go horse riding; so that is what I have drawn! You can draw any shaped bottle I have made a few examples for you to look at, you can also add colour if you would like or you could have a go at drawing like Rob by using just a pen.

Remember it's a cartoon so you need to make it a little bit funny. That's why my horse is smiling, and I have my eyes closed!

Have fun and please make sure you send your drawings to me, as I can't wait to see what you and your family are looking forward to.

Later in the term, when we get to live our bottle moments for real (which we will), we can send a photograph of ourselves doing it!

Take great care,  
- Mrs Lineker 😊
