

Giuseppe Arcimboldo

This week for our whole school art we are looking at an artist called **Giuseppe Arcimboldo**. He was an Italian painter best known for creating imaginative portrait heads made entirely of objects such as fruits, vegetables, flowers, fish, and books. He was born in 1527 and died in 1593.

Let's have a look at some of his pieces of art:

So, as you can see, he used household objects, leaves, flowers, fruits and vegetables to create his master pieces! You can either draw it by using your drawing skills along with your painting skills or you can recreate it using real items from your fridge and fruit bowl. (Please make sure you ask an adult beforehand!)

Have some great fun and be sure to show me what you have created on Class Dojo, Teams, or our Twitter page (**@NottmPrimary**)

Here is my portrait, it will make you smile if nothing else!

Take great care
