

# Week 1 – Topic (Life in Water)

## **Activities to complete every day**

Create a cool creation based around our theme this term of Life in Water / The Water Horse.

Here are some suggestions:

- 💧 Create a 3D model of the Water Horse.
- 💧 Write a play script based on The Water Horse story. You could act it out and record it to post in Teams or Class Notebook.
- 💧 Paint or draw a picture of The Water Horse.
- 💧 Create a new front cover for the story or design a poster to advertise the release of the film.

## **Why not try out some experiments involving water?**

- ? Try leaving a bowl of water out and watch it evaporate – record your experiment findings in your workbook!

Or

- ? What makes ice melt? – record your experiment and what you discovered in your workbook!

### **Ongoing weekly tasks:**

- ★ Read every day for at least 10 minutes
- ★ Continue to improve your number and spellings skills by visiting the below websites:
  - ★ [TTRS](#) (Times Table Rock Stars) is great for improving your times tables skills
  - ★ [Numbots](#) is great for improving your adding (+) and subtracting (–) skills
  - ★ [Spelling Shed](#) is great for improving your spelling skills and is linked to weekly spelling focus
