Listen to the **Chapter 1** of The Wonderful Wizard of Oz.  
Then have a go at the two tasks below.

### Task 1:

Listen to the description of Dorothy's house.  
Draw a picture of where Dorothy lives and describe what you have drawn.

### Task 2:

Who are the characters in chapter 1? What do you think about them? What happens to them?

## Literacy

### Think

- Where is this?
- Is it real?
- Who built it? How?
- This castle was built in the 1800s. Is this what castles would have looked like in medieval times?

### Respond

Write the beginning of a fairy tale set in this castle and the surrounding area. Think about the main characters. Who will be the hero/heroine? Who is the villain? Does the hero have a mission? Is magic involved?

### Reimagine

Draw a portrait of someone who might live here. Label your drawing to describe the person. Think about their character and appearance.

### Discuss

Two medieval castles were demolished to make room for Neuschwanstein Castle. Should the ruins of old castles be protected or should they be replaced with new buildings?

Choose any 2 of these tasks to complete.
