

Year 1

Literacy

This term we have been looking at the story of Leaf Man. We went on our own journey through the woods to gather ideas for our writing using our imagination to make our writing exciting. We then wrote our own story and created story maps using all our own ideas.

Maths

In maths we have been learning division and multiplication. We have been doing lots of outdoor learning making arrays with natural materials and chalking spidergrams to help with division on the patio. We have also been doing lots of counting; a lot of us can now count in 2's, 5's and 10's!

Topic

We went on a trip to Newstead Abbey where we participated in lots of different workshops. We learnt how children of the past got ready for Christmas. Some of our favourites were making sugar mice and playing Flap the kipper in the Old Hall.

Pupil Voice

Cobi-Mason "I love play time because of all the new equipment. I love throwing the ball in the apple tree and catching it when it falls through the bottom.

Emelia "I like art and I made a reindeer with the natural materials we collected from Colwick Woods. I am just like Andy Goldsworthy".

Louis "I have enjoyed maths and counting on a number line. I am so good at counting. I can count in 5's now!"

Year 1 - Next term

Literacy and Topic

Amazing Animals! We will be safari explorers and exploring animals in the wild. We will be choosing our own animal we want to research about and creating an animal fact file!

Maths

Doubling and halving and revisiting the 4 operations addition, subtraction, division and multiplication.

Reminders and Key Dates:

27th March and 29th March - Parents Evening

Phonics and reading parent workshops- date to be confirmed.
