

Mars Fudge

Ingredients:

- 400 g of Milk Chocolate
- 395 g tin of Condensed Milk
- 4 x Mars Bars

Method:

- Line a 20cm square cake tin with baking paper - make sure you leave plenty of paper hanging over the sides to help you remove the fudge once it has set.
- Roughly chop the Mars Bars into pieces and set aside until needed.
- Break the milk chocolate up into small squares/pieces
- Pour the condensed milk into a medium saucepan over low heat and add the milk chocolate pieces.
- Cook condensed milk and chocolate mixture and stir regularly until the chocolate has melted and the ingredients have combined.
- Remove the saucepan from the heat and add in the chopped-up Mars Bars before quickly stirring through.
- Pour the fudge into the prepared tin and place in the fridge for a minimum of 6 hours (preferably overnight) to set.
- Remove the set fudge from the fridge and cut into squares.

- *Any enjoy!*
