Weekly Newsletter—Friday 16th January

Messages and updates:

Hello everybody, first of all Happy New Year!

It only feels like September was yesterday but already we are in January and fast approaching the halfway point of the school year.

There is already lots of things happening within school and we have lots more to look forward to as the term goes on. Next week, we have two girls football tournaments taking place as well as a handball tournament. We have also already had our Y5 children visit the William Booth Museum this term and there are plenty of other events to come.

Once again, the children have made a great start to this term and the Spring Term is often the term where children make the most progress in a school year- we appreciate your support at home with regards to this.

Enjoy your weekend when it arrives,

Mr Staszkiwicz

Supporting our school

Science Week- Raffle Prizes

During the week beginning 9th March, we are celebrating Science Week within our school. As part of this week, we will be having external Science specialists coming into the school to put on some exciting workshops for our children.

To help raise money for this we will be holding a raffle in which tickets will be available for you to purchase closer to the time. If you have anything that could be donated as a raffle prize or work for a business that might be willing to support this then please get in touch.

Uniform Appeal

Do you have any uniform that no longer fits your child? Do you have a child that has now left the school and no longer needs their uniform?

As always, we want to support parents and pupils at the school and sometimes we do this through helping out with uniform. If you can help in anyway it would be greatly appreciated. Any donations please hand in to the school office.

Mr Staszkiwicz
16.01.26

Parents Evening- February 10th and 11th

Later in this term, we will be hosting our second Parents Evening of the year for children from F2-Y6. These will be held on Tuesday February 10th and Wednesday February 11th. Appointment booking forms will be with you shortly and we look forward to welcoming you into school to have a conversation with your child's teacher about the progress they are making and anything else you'd like to discuss.

Parent Forum- Friday 6th February

A warm invitation goes out to all families for our Parent Forum meeting on **6th February at 9:15am**. Your feedback is incredibly valuable, and I'm keen that we continue to work together to further improve our school. Hot drinks will be available, and everyone is welcome to attend. The agenda will be shared nearer the time and following the meeting we will gather your thoughts on whether this day and time work well for our community.

Have a brilliant weekend, see you on Monday!!!
