## Weekly Newsletter—Friday 6th March

### Welcome and updates:

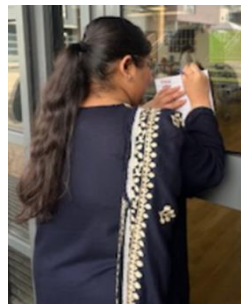

Hello everyone,

Finally, we have had some sunshine this week and it feels like Spring has arrived. As always, we have had a busy week within school and the highlight was of course World Book Day!

There was also an opportunity this week for our School Ambassadors to meet with their Secondary counterparts. Miss Sadler oversaw this meeting and said that the children worked really collaboratively to discuss ways in which we could continue to improve our school.

### World Book Day- Thursday 5<sup>th</sup> March

What a day we had in school! There was so much on offer for all children in all year groups and it was certainly a day to remember. Big thanks to both Naomi Tipping and Gareth Baker for joining us and making our day even more special for the children. I would like to extend a further thank you to all the parents who joined us for any of the workshops or quizzes that took place throughout the day and to Mrs Cooke for bringing it all together. Please enjoy some of the pictures below:
